Helpful Tips

Use Google Chrome: Classroom is optimized for use in the Chrome browser. To get the best experience and utilize browser plug-ins, this is your browser of choice.

Create Classes for Activities: You can create classes for activities outside of just the physical classes you teach. Things like bonus assignments, clubs and organizations, and study groups can all utilize Google Classroom for collaboration.

Utilize the Mobile App: Available for both iOS and Android, the Classroom app lets you stay connected any time. App-specific features include digital annotations, push notifications, and the ability to quickly record video instructions.

Use Consistent Naming Conventions: Before you start naming classes and assignments, establish a method for keeping names consistent and organizing work in a logical manner. For example, label classes with the term or year, and assign a number value to assignments.

Use Browser Functions to Locate Students or Work: Use browser shortcuts to quickly locate what you're looking for. Press **Ctrl + F** on a PC or **Cmd + F** on a Mac to open the Find search field. Type the student or assignment you're trying to locate on the page.

Classes: Display your active classes in the card format on the Google Classroom home page.

Calendar: Track assignments, questions, and events in class calendars. For each class, you and your students can view work in a calendar view.

To-do: See an overview of assignments and questions across all your classes on the To-do page. You can filter by class to view only the work for a specific class.

Active Classes: Below To-do in the Teaching section, you see each of your active classes listed in the menu. Quickly jump to a class from here.

Archived Classes: View all the classes you are done teaching and have archived. Restore or delete these classes from here.

Settings: Allows you to modify your profile, manage your account settings, and adjust notifications for email, comments, and classwork. The settings here are Classroom-wide settings that affect all the classes you teach.
